

Capacity Building on the Effort Sharing Regulation

Brussels Workshop

Tuesday 11th February 2020

Chair welcome, agenda, aims of the day and outline of the case clinics

*Jürgen Salay, European Commission,
Directorate-General for Climate Action*

Today's workshop focus on Member States in western Europe, climate mitigation policies in transport and agriculture sectors.

The specific aims of the workshops are to:

- Share new information
- Challenge current thinking
- Exchange ideas
- Increase awareness and understanding
- Provide opportunities for networking
- Hear your feedback

What is Effort Sharing?

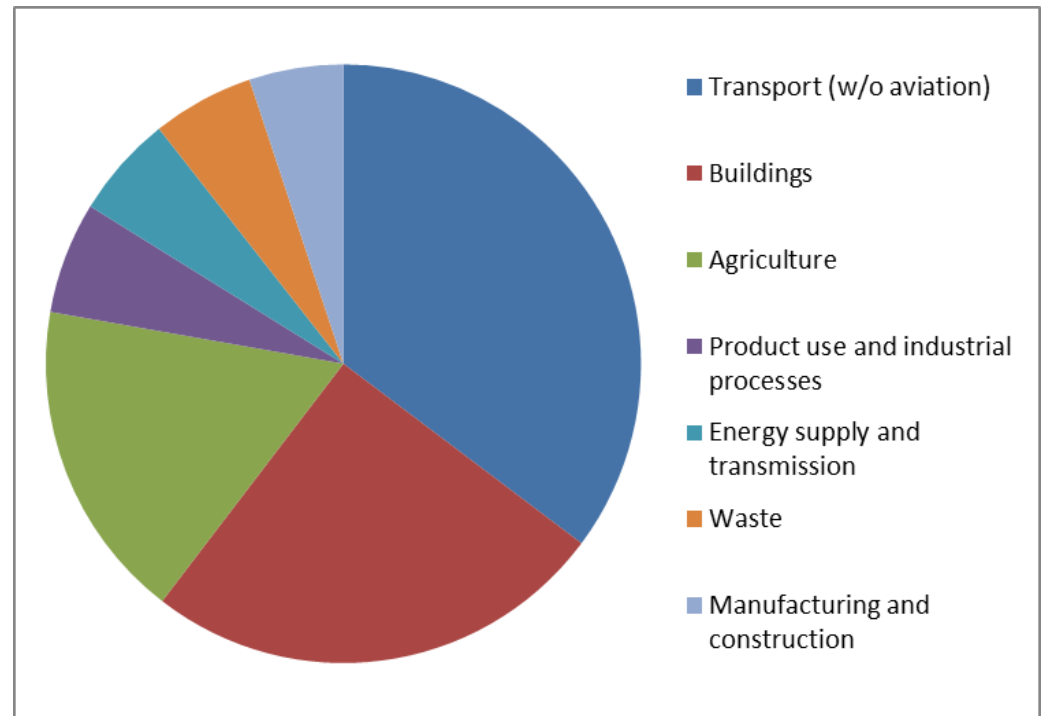

The Effort Sharing legislation sets Member States' contribution towards the EU's overall 2020 and 2030 greenhouse gas emission reduction targets.

Sectors of the economy not covered by the EU ETS must reduce emissions by 10% by 2020 and 30% by 2030 compared to 2005.

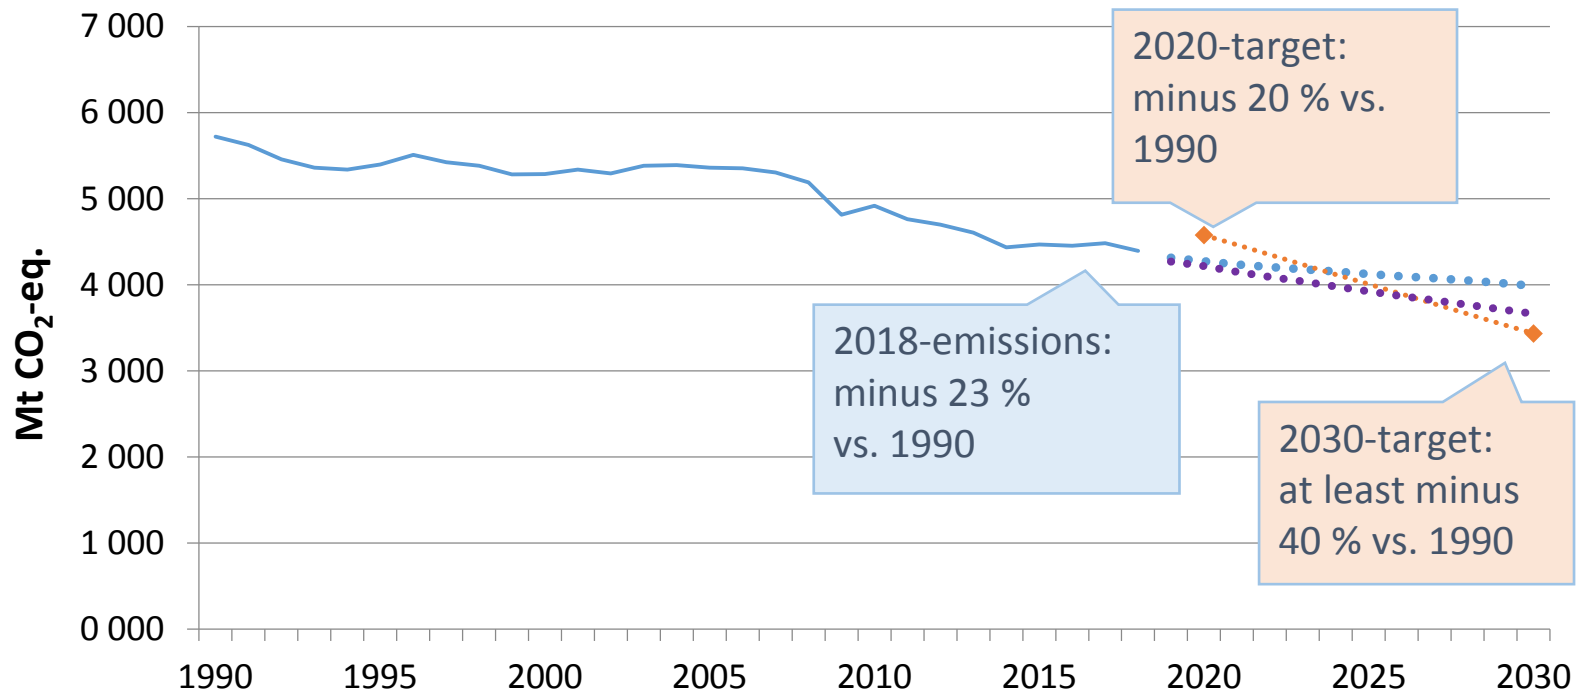

The Effort Sharing Regulation translates the 2030 commitment into binding annual greenhouse gas emission targets for each Member State for the period 2021–2030.

Effort Sharing Sectors

- **almost 60 % of EU domestic greenhouse gas emissions covered**
- **3 main sectors**
 - transport (direct fuel use, except aviation),
 - buildings (direct fuel use),
 - agriculture (non-CO₂ and energy CO₂)

Meeting the EU-level targets

- Total EU greenhouse gas emissions (historical)
- Total EU greenhouse gas emissions (projection with existing measures)
- ◆ 2020 and 2030 targets
- Total EU greenhouse gas emissions (projection with additional measures)

Case Clinics

Opportunity for a member state representative to present a real challenge and get group feedback.

The 3 challenges to be explored are:

- Cross-sectoral: How to estimate emissions from policies ex-ante.
- Cross-sectoral: How to support local climate and energy policy
- Transport: How to monitor and assess transport and mobility policies

Photographs

Photos will be taken during the event and may be used on the project website and/or in the project report.

If you **do not** wish your image to appear on the website please let Jemma Howland know.

Feedback Form

Morning sessions: Room logistics

Session A – Transport: Go to room 2C.

Session B – Agriculture: Remain in this room

Reconvene in this room before lunch break.

Lunch will served outside the rooms.
